BHU-NETRA MAP SERVICE

HYPER-SPATIAL LAND INTELLIGENCE

Khasra Maps, GIS Data & Land Surveys

Georeferenced and digitized khasra maps in KML, DWG, SHP and Excel, plus all types of field survey – for solar & wind developers, transmission lines, land aggregators, real estate and planners. One village or a whole district, across 20 states.

- Khasra digitization
- Georeferencing
- Land category maps
- DGPS & Total Station
- Drone mapping
- GIS / CAD data

Maps for every land project

Every khasra digitized as a clean polygon with its number and placed in real-world coordinates on satellite imagery – no overlaps, no gaps between neighbours.

Digitized khasra maps

Every khasra number as a closed polygon with its label – village by village or in bulk.

Georeferencing

WGS 84 / UTM coordinates, aligned to satellite imagery – ready for Google Earth, QGIS, ArcGIS and AutoCAD.

Colour-coded land category

Yellow private / khatedari, red non-allotable government, green allotable government land.

Combined project files

All your villages in one layer with village boundaries and an Excel khasra list with areas.

SURVEY SERVICES

All types of survey work

DGPS survey

Centimetre-level control points and boundary pillars.

Total Station survey

Detailed measurement of plots, roads and structures, delivered in CAD.

Topographic & contour survey

Levels and contours for layouts, grading, drainage and cut & fill.

Drone (UAV) survey

Orthophotos, terrain models and 3D views of your site.

Demarcation & boundary survey

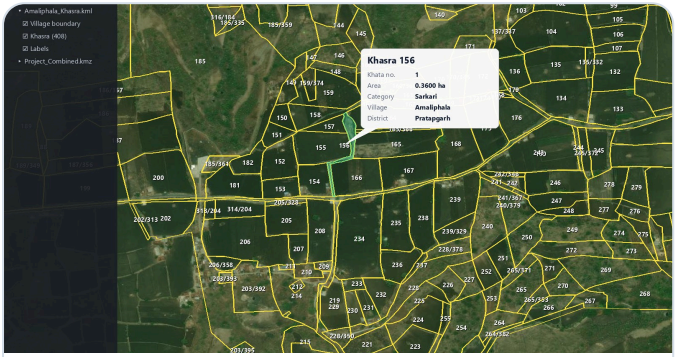

Khasra and property boundaries marked on the ground.

Route & site survey

Transmission lines, roads, pipelines; solar and wind site feasibility; layout plans.

Ready to open in your software

Real sample villages (public land records) – the same files our clients receive.

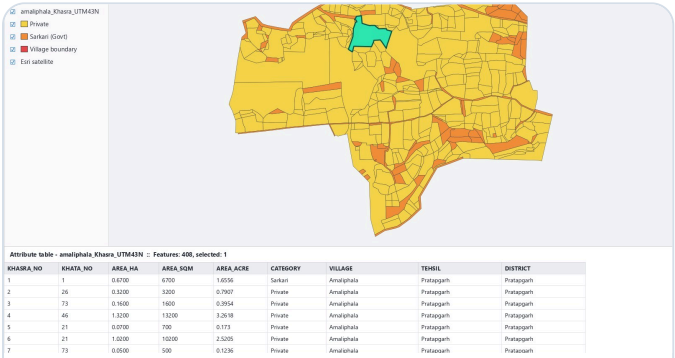

KML / KMZ

Google Earth · click any plot for its details

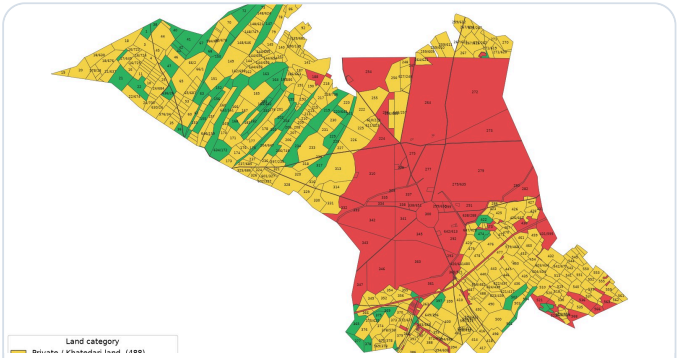

DWG / DXF

Layered CAD drawing in real coordinates

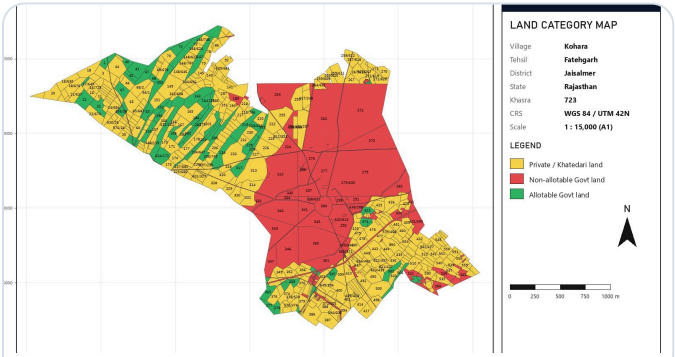

SHAPEFILE

QGIS / ArcGIS with full attribute table

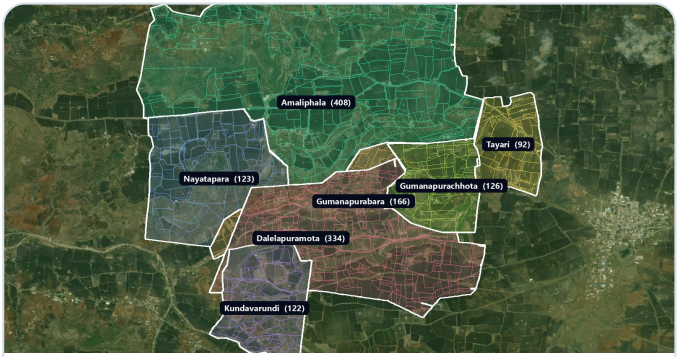

LAND CATEGORY MAP

Private · non-allotable · allotable govt land

PRINT MAP (PDF)

A1 / A3 with legend, north arrow, scale

COMBINED PROJECT LAYER

All your villages in one file

20 states & union territories

- Rajasthan
- Madhya Pradesh
- Maharashtra
- Uttar Pradesh
- Bihar
- Odisha
- Chhattisgarh
- Karnataka
- Tamil Nadu
- Andhra Pradesh
- Haryana
- Delhi
- Goa
- Tripura
- Kerala
- Punjab
- Jharkhand
- Assam
- Telangana
- Himachal Pradesh

HOW IT WORKS

01
Send your list
State, district, tehsil and villages – even one village.

02
Get a quotation
Price and delivery time, valid for 7 days.

03
50% advance
Work starts as soon as the list is confirmed.

04
Receive files
Google Drive, folder-wise, with a digitally signed invoice.

Get a quotation – even for one village
